### Description

The CRR09 surface-mounted deadbolt is a robust and versatile security solution, designed to adapt to any type of door. With an 86 mm strike plate and a 50 mm pear-shaped cylinder, this deadbolt provides simple and effective installation, reinforcing the protection of your home or business. Its reversible design allows for installation regardless of the door's opening direction, facilitating its use in various configurations. Operation is carried out from both inside and outside via key, ensuring secure and controlled access. Made of high-quality steel with a gray painted finish, the CRR09 combines durability and aesthetics, making it an ideal choice for those seeking security without compromising design.
