Description

The CRR11 surface-mounted deadbolt is a robust and versatile security solution, designed to fit any type of door. With an 86 mm strike plate and a 50 mm round cylinder, this deadbolt offers simple and effective installation, reinforcing the security of your home or business. Its reversible design allows for installation regardless of the door's orientation, making it a practical and functional option. Internal and external operation is via a security key, ensuring controlled and secure access. This model includes five security keys, providing added peace of mind. Furthermore, the deadbolt comes equipped with a chain, a cylinder protector, and an anti-bumping system, offering comprehensive protection against tampering attempts.
