Description

The size L fluorescent yellow high-visibility vest is an essential garment for ensuring safety in work environments and outdoor activities. Made from high-quality polyester fabric, this vest is designed to provide excellent visibility in low-light conditions. Its fluorescent yellow color, combined with two horizontal retroreflective bands around the chest, ensures the wearer is easily identified, thus increasing safety at work or in emergency situations. The hook and loop closure allows for a comfortable and personalized fit, adapting to different body types and making it easy to wear for long periods.
