Description

The Solera 521 Star Series 2-gang small packaged plate is a functional and aesthetically pleasing solution for electrical installations in confined spaces. Designed for flush mounting, this plate combines a modern design with the durability of polypropylene, a material that guarantees strength and longevity. Its white finish complements various décor styles, offering a touch of elegance and simplicity. Measuring 75 x 80 x 8 mm, it is ideal for environments where space is limited, without compromising the quality or safety of electrical connections.
