Standard LED bulb 12W E27 6000K 12 - 24V

Brand: GSC

Reference: GSC 200685011

Standard 12W LED bulb with E27 base, designed to operate within a voltage range of 12 to 24V. It offers a color temperature of 6000K, providing a bright and efficient white light, ideal for various lighting applications in residential and commercial environments.

Description

The standard 12W E27 LED bulb is an efficient and versatile lighting solution for various environments. With a color temperature of 6000K, it provides a cool white light that promotes concentration and visual clarity. Its design allows for easy installation in any E27 lamp holder, and it is compatible with 12-24V voltage systems, making it a suitable option for both domestic and commercial applications.

- Wattage: 12W
- Socket Type: E27
- Color Temperature: 6000K (cool white light)
- Operating Voltage: 12-24V
- Luminous Flux: High luminous efficacy
- Durability: Long lifespan, reducing the need for frequent replacements
- Energy Consumption: Low consumption compared to incandescent bulbs
- Material: Robust and heat-resistant construction

Specifications

Cap	E27 - rosca ancha
EAN	8433373092419
Manufacturer	GSC
Weight (kg)	0.06
Nominal voltage (V)	12V, 24V
Colour temperature	6000K

may contain errors or omissions and does not replace the manufacturer datasheet.
