Description

The Tes Ø320mm pot in white is a versatile and functional option for growing plants. Its round and elegant design adapts to various environments, from gardens to interiors, providing adequate support for healthy plant growth.

- **Diameter:** 320 mm
- **Capacity:** 14 liters
- **Main Material:** Polypropylene (PP)
- **Shape:** Round
- **Total Height:** 290 mm

The polypropylene used in its manufacture guarantees durability and resistance to weather conditions, making it a suitable option for both outdoor and indoor use. Its design allows for efficient drainage, promoting healthy roots and preventing waterlogging. The Tes planter combines functionality and aesthetics, making it a practical choice for those seeking reliable support for their plants.
