Description

The adhesive for emergency lighting fixtures with a 200x75 mm outlet is an effective solution for marking evacuation routes in public and private spaces. This product is designed to ensure optimal visibility in low-light conditions, facilitating the identification of emergency exits when needed.

- Dimensions: 200 mm wide x 75 mm high.
- Material: Made of a strong and durable material, suitable for various environmental conditions.
- Visibility: Features a design that maximizes brightness, ensuring the sign is clearly visible even in the dark.
- Installation: Its high-quality adhesive allows for easy application on different surfaces, guaranteeing a firm hold.
- Standards: Complies with current safety and signage regulations, ensuring its effectiveness in emergency situations.
- Use: Suitable for installation in commercial buildings, offices, hospitals, and any location where clear emergency exit signage is required.
