Description

The Zinc-Plated Threaded Rod with M08 Thread is an essential component for various household applications. Measuring 1 meter in length, this rod is designed to offer a robust and reliable solution for DIY projects and home repairs. Made of high-quality steel with a zinc coating, it provides superior corrosion resistance, ensuring greater durability and a longer product lifespan.

This item, also known as a continuous threaded rod or endless rod, is ideal for use in structures requiring firm and secure anchoring.

Its design allows for easy integration into different types of assemblies, facilitating the creation of strong and stable joints.

- **Length:** 1 meter
- **Thread:** M08
- **Material:** Zinc-plated steel
- **Use:** Exclusively for domestic use
- **Resistance:** High corrosion resistance
- **Applications:** DIY projects and repairs
- **Also known as:** Continuous threaded rod, endless rod
- **Compatibility:** Ideal for assemblies and anchors
- **Finish:** Smooth surface for easy handling
- **Dimensions:** M08 thread to fit various nuts and fittings

Specifications

High	1
Width	1
EAN	8435450469183
Manufacturer	AFT
Weight (kg)	0.285
Depth	100
