Description

The M10 Zinc-Plated Threaded Rod is an essential component for various household applications. One meter long, this rod is made of high-quality steel and coated with zinc for increased resistance to corrosion and wear. Its design allows for easy handling and adaptation to different projects, making it ideal for creating structures, supports, and fixings around the home.

- **Length:** 1 meter
- **Thread:** M10
- **Material:** Zinc-plated steel
- **Use:** Exclusively for domestic use
- **Type:** Continuous threaded rod
- **Resistance:** High durability and corrosion resistance
- **Applications:** Ideal for structures, supports, and fixings
- **Versatility:** Adaptable to different projects and needs
- **Also known as:** Endless rod, continuous threaded rods
- **Finish:** Smooth surface for easy handling

This product is a reliable option for those seeking practical and effective solutions for their DIY and home improvement projects.

Specifications

High	1
Width	1
EAN	8435450469190
Manufacturer	AFT

Weight (kg)	0.456
Depth	100
