Tin with Pickling Paste Dispenser Set

Brand: WOLFPACK LINEA PROFESIONAL

Reference: AFT 07060502

The solder dispenser set with flux paste is ideal for electrical and electronic soldering work. It includes a solder stick with a 33% composition, perfect for applications on circuit boards and electronic components. This set ensures quality and precision work, facilitating the soldering process. It is also known by various names such as flux paste, soldering kit, and solder.

Description

The Solder and Flux Set Dispenser is an essential kit for those working in soldering, especially in electrical and electronics fields. This set includes a 33% solder stick, designed for optimal melting and excellent electrical conductivity. The flux paste complements the solder, facilitating the cleaning of surfaces to be soldered and improving the adhesion of the material. This set is ideal for applications on circuit boards, electronic components, and other devices, guaranteeing quality and precision work on every project.

- **Tin Composition:** 33% alloy for efficient melting.
- **Recommended Use:** Ideal for soldering work in electrical and electronic applications.
- **Applications:** Suitable for circuit boards and electronic components.
- **Ease of Use:** The fluxing paste improves adhesion and cleans surfaces.
- **Quality Guaranteed:** Combination of materials that ensures precise results.
- **Presentation:** Dispenser set for easy handling and storage.
- **Versatility:** Can be used on various electronic devices.
- **Durability:** High-quality materials that ensure long-lasting performance.
- **Compatibility:** Ideal for hobbyists and professionals in the field of soldering.
- **Alternative names:** Also known as solder, flux, soldering kit, among others.

Specifications

High	3
Width	9
EAN	8435450468513
Manufacturer	AFT
Weight (kg)	0.04

Depth	13
