Product sheet

Folding Pruning Saw 180 mm.

Brand: WOLFPACK LINEA PROFESIONAL

Reference: AFT 08260951

The 180mm Folding Pruning Saw is an ideal tool for gardening and pruning. Its 665Mn steel blade offers high wear resistance, with HRC 50-53 hardened teeth that ensure efficient cutting. The bi-material PP and TPR handle provides comfort and a non-slip grip. Its design allows for extended use without sharpening, making it perfect for cutting dry branches and logs. It includes a safety lock for added protection.

Description

The 180mm Folding Pruning Saw is an essential tool for gardeners and plant enthusiasts. Its curved design and 665Mn steel blade ensure excellent wear resistance, making it a durable ally for pruning branches and logs. With induced teeth reaching a hardness of HRC 50-53, this saw offers an efficient and precise cut, eliminating the need for frequent sharpening.

The blade features 2.25mm deep teeth, designed for pull cutting, meaning it should be used from front to back to avoid damaging the blade. Its bi-material handle, composed of PP and TPR, provides an ergonomic and non-slip grip, ensuring comfort during extended use.

It also includes a safety lock for easy transport and storage.

- Blade length: 180 mm.
- 665 mn steel blade with high wear resistance.
- Induced teeth with HRC 50-53 hardness.
- Bi-material PP and TPR handle for added comfort.
- Tooth design eliminates the need for frequent sharpening.
- Pulse cutting for efficient use.
- Depth of each tooth: 2.25 mm.
- Ergonomic and non-slip grip.
- Safety lock for secure transport.
- Ideal for pruning, gardening, and cutting dry branches.

This saw is known by various names, including pruning saw, garden saw, and felling saw, reflecting its

versatility in the field of gardening.
