Single Surface Switch

Brand: WOLFPACK LINEA PROFESIONAL

Reference: AFT 19090805

The Wolfpack Single Surface Mount Switch is a surface-mounted switch measuring 6 x 6 x 3 cm with a white finish. Ideal for electronics work, it mounts directly to the wall, eliminating the need for drilling. This item is known by several names, including single-pole switch and two-way switch, making it a versatile option for various electrical applications.

Description

The Wolfpack Single Surface Mount Switch is a practical and efficient solution for controlling electrical circuits in various applications. Designed for direct wall mounting, this surface-mount switch eliminates the need for drilling, making it easy to install in any space. Its compact design, measuring 6 x 6 x 3 cm, and its white finish make it a discreet and functional element that adapts to different environments.

This switch is ideal for electronics work, offering a versatile option for those seeking a quick and easy installation.

Its robust structure guarantees reliable performance, while its single-pole design allows for the control of a single electrical circuit.

- **Dimensions:** 6 x 6 x 3 cm
- **Color:** White
- **Type:** Surface-mounted switch
- **Installation:** Directly on the wall, no drilling required
- **Use:** Ideal for electronics work
- **Also known as:** Switch, surface-mounted switch, wall switch, two-way switch, universal switch, single-pole switch
- **Material:** Durable plastic
- **Compatibility:** Suitable for standard electrical circuits
- **Ease of use:** Intuitive design for easy handling
- **Safety:** Complies with electrical regulations current

Specifications

High	4
Width	7
EAN	8435450478352
Manufacturer	AFT
Weight (kg)	0.001
Depth	7
Type of installation	Surface
