Description

The 40cm Magnetic Airplane Wing Level Plus is an essential tool for professionals and DIY enthusiasts seeking precision and durability in their projects. Made with an aluminum alloy body, this level combines lightness and strength, making it an ideal partner for demanding jobs. Its design includes a magnetic base that ensures a firm grip on metal surfaces, allowing for practical and efficient use in various applications.

Measuring 40cm, this level offers an adjustable horizontal bubble that guarantees greater accuracy in aligning your projects.

Its high impact resistance ensures it can withstand the wear and tear of daily use, while the epoxy coating provides additional protection against corrosion and enhances its overall appearance.

- Aluminum alloy body
- 40 cm length
- Magnetic base for secure attachment
- Adjustable horizontal bubble level
- High impact resistance
- Epoxy coating for durability
- Lightweight and portable design
- Ideal for professional and home use
- Versatile in leveling applications
- Also known as an airplane wing level, magnetic level, bubble level, among other names

Specifications
