Description

The 40cm Airplane Wing Plus Level is an essential tool for professionals and DIY enthusiasts seeking precision and durability in their projects. Made with an aluminum alloy body, this level combines lightness and strength, making it an ideal partner for demanding jobs. Its magnetic design allows for easy attachment to metal surfaces, facilitating alignment and leveling in various applications.

This level features an adjustable horizontal bubble, ensuring accurate and reliable measurements. Its high impact resistance guarantees optimal performance even under rigorous working conditions.

Furthermore, the epoxy coating not only provides additional protection against wear, but also gives it an outstanding aesthetic, making this tool an attractive addition to any toolbox.

- Size: 40 cm
- Aluminum alloy body
- Magnetic for easy attachment
- Adjustable horizontal bubble level
- High impact resistance
- Epoxy coating for durability
- Lightweight and portable design
- Ideal for leveling and alignment work
- Professional and DIY enthusiast use
- Versatile for vertical and horizontal applications
