Description

The Bladeless Battery-Powered Desk Fan is the ideal solution for those seeking coolness and comfort in small spaces. Its innovative and functional design allows you to enjoy a pleasant environment without the inconvenience of traditional blades. Equipped with a DC motor, this fan operates quietly, generating only 40 dB of noise, making it a perfect choice for offices, bedrooms, or any place where tranquility is desired.

With three adjustable speeds, you can customize the airflow intensity to suit your needs. Its 2000 mAh rechargeable lithium battery charges easily via USB connection, providing great convenience and autonomy. This fan also includes a 330 ml humidifier tank, which provides a capacity of 29 ml/hour, ideal for maintaining adequate humidity indoors.

The Bladeless Battery-Powered Desk Fan not only cools but also illuminates your space with its 7 light modes, adapting to any environment.

Its attractive white color gives it a modern and versatile look, perfect for matching any decor.
