Description

The Universal Travel Adapter Kit is a practical and efficient solution for those seeking connectivity while traveling. With a capacity of up to 2500W and a maximum current of 10A, this adapter is compatible with 250V and 50Hz, making it a versatile accessory for various electronic devices. Made of high-quality PC and presented in an elegant white color, its compact design of 56x56x45 mm and light weight of 36.6 grams make it ideal for carrying in any suitcase or backpack.

This adapter allows you to enjoy versatile connections anywhere, as it is compatible with type A, B, C, G, I, J, and L plugs. Its design includes a Schuko plug, facilitating its use in the European Union, allowing you to easily connect, use, and charge electronic devices.

Furthermore, its ultra-thin and portable size makes it the ideal travel accessory, providing the convenience of a silent charger for most of your electronic devices.
