Product sheet

Polyurethane Foam 750 Ml. For Pistol Entry

Brand: WOLFPACK LINEA PROFESIONAL

Reference: AFT 14010162

Entry 750ml Polyurethane Foam for spray gun is a versatile and effective product designed for construction and insulation applications. Its 750ml capacity allows for easy application with a spray gun, offering adhesion, sealing, and filling properties. With high expansion capacity, it can increase its volume up to 5 times upon hardening, providing thermal and acoustic insulation. Resistant to water and chemicals, it is ideal for various installations and repairs.

Description

The **Entry 750 ml Polyurethane Foam for Spray Gun** is a product designed to offer effective solutions in construction and repair projects. This polyurethane foam, with a 750 ml capacity, is specially formulated for use with spray guns, allowing for precise and controlled application. Its unique composition combines properties of easy adhesion, fixing, sealing, and filling, in addition to offering waterproofing and excellent thermal, acoustic, and electrical insulation.

Thanks to its high expansion capacity, the foam adapts to diverse applications, making it the ideal choice for protecting and insulating ventilation and air conditioning systems, as well as for filling air chambers, enclosures, pipe penetrations, and gaps in boat hulls.

It is also useful for fixing lightweight panels, frames, and door and window frames.

- Capacity: 750 ml
- Application: spray gun
- High expansion capacity (4-5 times its initial volume)
- Water and chemical resistant
- Absorbs vibrations and movement between materials
- Once hardened, it can be cut, sanded, and painted
- Ideal for thermal and acoustic insulation
- Compatible with most building materials
- Easy to apply and handle
- Excellent sealing and fixing
