Description

The 2500W Oil Radiator with 11 elements is an efficient and versatile solution for keeping your home warm during the colder months. Its optimized design allows for fast and even heating, adapting to different heating needs thanks to its 1000W, 1500W, and 2500W operating modes. This radiator is ideal for medium to large rooms, providing a warm and comfortable environment.

Equipped with a room thermostat, it allows for precise temperature control, ensuring efficient energy consumption. Its design includes a convenient carrying handle for easy mobility, while the four 360° swivel casters allow for effortless movement from room to room.

Weighing 11 kg, this radiator is easy to handle and designed for home use, making it a popular choice among heaters available on the market.

- Power: 2500W
- Operating modes: 1000W, 1500W, 2500W
- 11 elements for efficient heating
- Room thermostat for temperature regulation
- Carrying handle for easy mobility
- 4 360° swivel casters
- Weight: 11 kg
- Compact and functional design
- Ideal for home use
- Also known as a heater or radiator
