Description

The 800W, 7-Element Oil Radiator is an efficient and practical solution for keeping your spaces warm during the coldest days. Designed to operate on 220-240V at 50/60Hz, this radiator offers optimal heating performance thanks to its seven-element structure that distributes heat evenly. Its lightweight design, weighing only 4.5 kg, allows for easy mobility, making it easy to move between different areas of your home.

This radiator incorporates a room thermostat that allows you to efficiently regulate the temperature, adapting to your needs and ensuring controlled energy consumption.

Its integrated carrying handle provides convenience when moving it, making it ideal for any room, from the living room to the bedroom.

- Power: 800W
- Elements: 7
- Voltage: 220-240V
- Frequency: 50/60Hz
- Weight: 4.5 kg
- Room thermostat
- Carrying handle for easy mobility
- Compact and lightweight design
- Efficient and even heating
- Ideal for home use

This radiator is known for its versatility and effectiveness, making it a reliable choice for those looking for a heater that combines functionality and comfort in the home.

Specifications

High	15
Width	38
EAN	8435450480195
Manufacturer	AFT
# Elements	7
Weight (kg)	3.932
Depth	44
