Description

The Digital Thermometer with Humidity Indicator is a modern and functional device that adds value to any space, whether at home or in the office. Its compact design of 1.3 x 3.5 x 5 cm allows for easy placement on various surfaces, optimizing space usage without sacrificing aesthetics. This thermometer not only measures temperature but also provides information on ambient humidity, making it a versatile tool for monitoring the indoor climate.

The device operates on a CR2032 button cell battery, included with purchase, allowing for immediate use. It also features a self-adhesive backing for easy installation on the wall or any flat surface. With an indoor temperature measurement range of -9.9 to 60ºC (14.2 to 140ºF) and a humidity range of 10% to 99%, this digital thermometer guarantees accurate readings every time.

Users can choose to display the temperature in Celsius or Fahrenheit, according to their preference.

- Dimensions: 1.3 x 3.5 x 5 cm
- Temperature range: -9.9 to 60ºC (14.2 to 140ºF)
- Humidity range: 10% to 99%
- CR2032 button cell battery included
- Self-adhesive backing for easy installation
- Comfort level indicator: dry, comfort, humid
- Display in Celsius or Fahrenheit
- Includes hygrometer for accurate measurements
- Ideal for indoor and outdoor use

- Multipurpose functionality
