Description

The Angled Inside Corner Trowel is an essential tool designed for precision and efficiency when applying filler to inside corners. Measuring 7.5 x 11 cm with a 12.5 cm handle, this trowel features a perfect 90-degree angle, making it easy to work on plastering, masonry, drywall, renovation, and decorating projects. Its ergonomic design, combined with a non-slip rubber-coated handle, provides exceptional comfort, allowing for long workdays without fatigue. Furthermore, its balanced center of gravity ensures even pressure on both sides of the angle, guaranteeing a flawless finish every time.

- **Dimensions:** 7.5 x 11 cm with a 12.5 cm handle.
- **Angle:** Perfect 90-degree angle for inside corners.
- **Handle:** Ergonomic and coated with non-slip rubber.
- **Comfort:** Designed to prevent fatigue during extended use.
- **Balance:** Optimized center of gravity for even pressure.
- **Versatility:** Ideal for plastering, masonry, and drywall.
- **Finish:** Guarantees flawless results on every project.
- **Also known as:** Corner trowel, interior spatula, among others.
- **Use:** Essential for professionals and enthusiasts in the sector.
