

Product sheet

Quick plastic coupling 4-16mm for compressed air, instant and secure connection.

Brand: COFAN

Reference: COF 05010114-U

The T-14 straight plastic quick-connect fitting is an instant-connect fitting designed for pipes with outside diameters from 4mm to 16mm. Made of recyclable plastic, it is ideal for compressed air installations. Its design allows for easy visualization of the pipe diameter, ensuring complete safety and a leak-proof seal, even under extreme conditions. It is sold individually, making it easy to purchase according to the user's needs.

Description

The T-14 Plastic Straight Quick Coupling is a quick-connect fitting designed to provide an instant and secure connection in compressed air installations. Made of recyclable plastic, this product is ideal for pipes with an outside diameter ranging from 4 mm to 16 mm, ensuring easy adaptation to different systems. Its design allows for clear visualization of the pipe diameter, facilitating its use and ensuring precise installation. This quick-connect fitting stands out for its complete safety and watertightness, even under extreme conditions, making it a reliable choice for professionals and DIY enthusiasts.

- **Material:** High-quality recyclable plastic
- **Compatible Diameter:** 4 mm to 16 mm OD pipes
- **Connection Type:** Quick-connect fitting for instant installation
- **Application:** Ideal for compressed air systems
- **Visibility:** Easy to see the pipe diameter
- **Safety:** Complete watertightness under extreme conditions
- **Recyclable:** Design allows for material reuse
- **Installation:** Quick and easy, no additional tools required
- **Durability:** Corrosion and wear resistant
- **Compatibility:** Suitable for various industrial and domestic applications

Specifications

Width	2
EAN	8445187407792
Manufacturer	COFAN
Material	Plástico

Weight (kg)	0,195
