Product sheet

T-4 adjustable adapter elbow with 90° mechanical coupling

Brand: COFAN

Reference: COF 05040004-U

The T-4 Swivel Elbow Adapter is an accessory designed to facilitate connections at 90° angles. Its mechanical coupling ensures a safe and efficient installation. This product is ideal for applications requiring flexibility in flow direction. It is sold individually, allowing you to purchase the quantity needed for your project. Its robust design ensures durability and optimal performance under various conditions.

Description

The T-4 Swivel Adapter Elbow is an essential component for piping systems requiring flexibility and adaptability in their installation. This elbow is designed with a mechanical coupling that allows for precise adjustment at a 90-degree angle, facilitating connections between different pipe sections. Its robust construction and swivel design make it an ideal solution for applications where space and flow direction are critical factors.

This adapter elbow is compatible with a wide range of materials and adapts to various installation configurations, making it versatile for different projects.

Its ingenious design ensures a secure and durable connection, minimizing the risk of leaks and guaranteeing optimal performance over time.

- **Material:** Made of corrosion-resistant material.
- **Angle:** 90-degree orientation.
- **Coupling Type:** Mechanical, for easy installation.
- **Compatibility:** Suitable for multiple types of pipes.
- **Dimensions:** Varies according to manufacturer specifications.
- **Maximum Pressure:** Designed to withstand high pressures.
- **Operating Temperature:** Resistant to extreme temperatures.
- **Use:** Ideal for industrial and domestic applications.
- **Certifications:** Complies with quality and safety standards.
- **Durability:** Long service life under suitable conditions.

Specifications

Width	1
EAN	8445187408140
Manufacturer	COFAN
Weight (kg)	0,01
