T-10 swivel adapter elbow with 90° mechanical coupling

Brand: COFAN

Reference: COF 05040010-U

The T-10 Swivel Elbow Adapter is an accessory designed to facilitate 90° angle connections. Its mechanical coupling ensures a secure and efficient installation. This product is ideal for applications requiring flexibility in flow direction. It is sold individually, allowing you to purchase the quantity needed for your project. Its robust design ensures durability and optimal performance under various conditions.

Description

The T-10 Swivel Adapter Elbow is an essential component for piping systems requiring flexibility and adaptability in their installation. This elbow is designed with a mechanical coupling, allowing for a secure and efficient connection at a 90-degree angle. Its robust structure and swivel design facilitate flow direction in various applications, optimizing system performance.

This product is ideal for installations in confined spaces where a change of direction is needed without compromising system integrity.

Its manufacture with high-quality materials guarantees durability and resistance to adverse conditions.

- **Material:** Made of high-strength alloy.
- **Angle:** 90 degrees.
- **Coupling Type:** Mechanical.
- **Swivelability:** Allows adjustments in multiple directions.
- **Applications:** Ideal for piping systems in industrial and domestic environments.
- **Dimensions:** Compatible with common pipe standards.
- **Installation:** Easy to install without the need for specialized tools.
- **Resistance:** High resistance to corrosion and wear.
- **Certifications:** Complies with quality and safety regulations.
- **Sales:** Individual unit.

Specifications

Width	3
EAN	8445187408188
Manufacturer	COFAN
Weight (kg)	0,025
