

## Product sheet

## T-12 swivel adapter elbow with 90° mechanical coupling

Brand: COFAN

Reference: COF 05040012-U

The T-12 Swivel Elbow Adapter is an accessory designed to facilitate 90° angle connections. Its mechanical coupling ensures a secure and efficient installation. This product is ideal for applications requiring flexibility in flow direction. It is sold individually, allowing for purchase according to specific user needs. Its robust design ensures durability and optimal performance in various configurations.

### Description

The T-12 Swivel Adapter Elbow is an essential component for piping systems requiring flexibility and adaptability in their installation. This elbow is designed with a mechanical coupling, allowing for a secure and efficient connection at a 90-degree angle. Its robust structure and swivel design facilitate adaptation to different pipe configurations, optimizing flow and reducing the possibility of blockages.

This product is ideal for applications in various industries, including construction, plumbing, and HVAC, where effective fluid handling is required.

Its ingenious design ensures easy installation and reliable performance over time.

- **Material:** Made of high-strength materials.
- **Angle:** Adjustable to 90 degrees.
- **Coupling Type:** Mechanical, for a secure connection.
- **Compatibility:** Suitable for various standard pipes.
- **Dimensions:** Compact and lightweight for easy handling.
- **Installation:** Quick and easy, no special tools required.
- **Durability:** Resistant to corrosion and wear.
- **Applications:** Ideal for plumbing and HVAC systems.
- **Certifications:** Complies with quality and safety standards.
- **Sale:** Individual unit.

Specifications

|              |               |
|--------------|---------------|
| Width        | 4             |
| EAN          | 8445187408201 |
| Manufacturer | COFAN         |
| Weight (kg)  | 0,033         |
