Description

The 9mm 8-12 metal band clamp is an essential component for various clamping and fastening applications. Designed with a built-in threaded hook, this clamp ensures a secure and reliable hold. Its robust and precise construction ensures no sharp edges or burrs, making it a safe choice for use in different environments. With a band width of 9 mm, it is ideal for applications requiring a firm and durable fit.

- **Material:** High-quality stainless steel
- **Band width:** 9 mm
- **Adjustment range:** 8-12 mm
- **Fastening:** Built-in thread for easy installation
- **Finish:** Smooth surface with no sharp edges or burrs
- **Resistance:** High corrosion resistance
- **Applications:** Ideal for use on pipes, hoses, and cables
- **Standards:** Meets industrial quality standards
- **Sales type:** Single unit
- **Use:** Recommended for industrial and domestic environments

This This clamp is a versatile and efficient solution for those seeking a quality product that guarantees optimal performance in their clamping projects.

Specifications

Width	2
EAN	8445187413182
Manufacturer	COFAN

Weight (kg)	0,009
