9mm metal clamp with threaded hook, sold individually

Brand: COFAN

Reference: COF 08011016-U

The 9mm metal band clamp is ideal for securing connections efficiently. It features a built-in threaded hook for easy use. Its careful design ensures no sharp edges or burrs, guaranteeing safe handling. Sold individually, allowing you to purchase the exact quantity needed for each project. Its 9mm band width makes it versatile for a variety of applications.

Description

The 9mm 10-16 band metal clamp is an essential component for various clamping and fastening applications. Designed with a built-in threaded hook, this clamp ensures a secure and efficient hold, eliminating the risk of slippage. Its robust and precise construction ensures no sharp edges or burrs, making it a safe choice for use in both industrial and domestic environments.

The 9mm band width provides even pressure distribution, minimizing the risk of damage to the materials it is applied to.

This clamp is ideal for use on pipe systems, hoses, and other components requiring a firm and durable fastening.

- **Material:** High-strength stainless steel
- **Band width:** 9 mm
- **Adjustment range:** 10-16 mm
- **Attachment:** Built-in thread
- **Finish:** No sharp edges or burrs
- **Applications:** Ideal for pipes and hoses
- **Strength:** High corrosion resistance
- **Installation ease:** Intuitive design
- **Durability:** Long service life
- **Sales:** Individual unit

Specifications

Width	2
EAN	8445187413199
Manufacturer	COFAN
Weight (kg)	0,1
