Description

The 9mm 30-45 metal band clamp is an essential component for various industrial and maintenance applications. Designed to provide a secure and durable grip, this clamp features a built-in threaded hook for easy installation and adjustment. Its robust construction ensures optimal strength, while the absence of sharp edges and burrs guarantees safe handling without risk of injury.

The 9mm band width provides a perfect balance between flexibility and strength, making it a versatile choice for multiple uses.

This clamp is ideal for applications in piping systems, hoses, and other components requiring a firm and reliable hold.

- **Material:** High-quality stainless steel
- **Band width:** 9 mm
- **Adjustment range:** 30-45 mm
- **Attachment:** Built-in thread for easy installation
- **Finish:** No sharp edges or burrs
- **Resistance:** High corrosion resistance
- **Use:** Ideal for industrial and maintenance applications
- **Sales type:** Single unit
- **Compatibility:** Suitable for hoses and pipes
- **Durability:** Long service life under normal conditions of use

Specifications

Width	4
EAN	8445187413267
Manufacturer	COFAN
Weight (kg)	0,015
