Product sheet

Adjustable visor holder support for construction helmet with protective grille

Brand: COFAN

Reference: COF 11000306

The visor mounting bracket is an accessory designed to securely attach a mesh visor to a hard hat. Compatible with all types of hard hats, it ensures a secure fit that protects the user's face from minor impacts. Its simple installation and adjustment allow for practical and efficient use in work environments. This product is essential for maintaining safety and comfort while working.

Description

The **Visor Holder Mount** is an essential safety accessory for work environments. Designed to function as a connecting link between the hard hat and the visor with mesh, this mount is adaptable to all types of helmets, guaranteeing a complete and secure fit. Its innovative design allows the visor to remain firmly in place, providing comprehensive protection for the user's face against minor projectiles and other workplace hazards.

The mesh that accompanies the visor acts as an effective barrier, preventing particles or external elements from directly impacting the face, resulting in greater safety during construction or maintenance tasks.

Furthermore, the installation and adjustment of the bracket are extremely simple, allowing users to equip themselves quickly and easily.

- Compatible with various models of construction helmets.
- Provides secure and stable visor support.
- Integrated mesh for additional face protection.
- Lightweight and durable design.
- Easy installation and adjustment.
- Impact-resistant materials.
- Ideal for demanding work environments.
- Enhances visibility without compromising safety.
- Recommended use in construction, maintenance, and outdoor activities.

- Complies with occupational safety regulations.

Specifications

Width	4
EAN	8445187086232
