Description

The **Loki Work Trousers** in anthracite grey are the ideal choice for those seeking a garment that combines comfort, functionality, and durability in demanding work environments. Made from **65% polyester, 32% cotton, and 3% elastane**, these trousers offer excellent breathability and elasticity, allowing for optimal freedom of movement throughout the workday. Their **215 g/m²** fabric weight ensures the garment is lightweight yet robust, perfect for withstanding the demands of daily work without compromising comfort.

The trousers feature a higher back hem, providing greater protection in the lumbar region, especially useful when bending over or performing repetitive movements.

In addition, it features multiple functional pockets, strategically distributed to securely store tools, personal items, or work accessories.
