Product sheet

M-3.5 quick mesh for chain joining with threaded link and easy installation.

Brand: COFAN

Reference: COF 18002701-U

The M-3.5 Quick Link is a threaded link designed to facilitate the creation of quick chain connections or splices. Its robust construction ensures a secure and efficient connection. This product is available in various sizes, from M-3.5 to M-16, to suit diverse application needs. Ideal for applications requiring fast and reliable chain joining.

Description

The M-3.5 Quick Link is an essential component for creating quick chain splices or connections. Designed with a threaded link, this link offers an efficient and secure solution for various industrial and construction applications. Its robust design ensures high strength and durability, making it a reliable choice for those requiring an effective joining system.

The M-3.5 Quick Link is available in a range of sizes from M-3.5 to M-16, allowing it to be adapted to different needs and specifications.

Its easy installation and versatility make it ideal for projects requiring speed and efficiency in chain joining.

- **Material:** High-strength steel
- **Size:** M-3.5
- **Joining type:** Threaded link
- **Load capacity:** High tensile strength
- **Applications:** Industrial, construction, maintenance
- **Installation:** Quick and easy
- **Durability:** Corrosion resistant
- **Compatibility:** Available in various sizes (M-3.5 to M-16)
- **Standards:** Meets quality standards
- **Use:** Ideal for temporary and permanent joints

Specifications

Width	2
EAN	8445187421521
Manufacturer	COFAN
Weight (kg)	0,085
