

Product sheet

M-4 quick mesh threaded link for chain joining, available from M-3.5 to M-16.

Brand: COFAN

Reference: COF 18002702-U

The M-4 Quick Link is a threaded link designed to facilitate the creation of quick chain connections or splices. This product is ideal for applications requiring an efficient and secure connection. Available in sizes ranging from M-3.5 to M-16, it adapts to a variety of needs. Its robust construction ensures durability and performance in diverse working environments.

Description

M-4 Rapid Link (Sold individually)

The M-4 Rapid Link is an essential component for creating quick chain connections or splices. Designed with a threaded link, this link offers an efficient and secure solution for various industrial and construction applications. Its versatility allows its use in a wide range of projects, guaranteeing optimal performance under demanding conditions. The M-4 is available in different sizes, from M-3.5 to M-16, adapting to the specific needs of each user.

Technical characteristics:

- **Material:** High-strength steel
- **Threading type:** Threaded link for quick connections
- **Size range:** From M-3.5 to M-16
- **Load capacity:** High tensile strength
- **Applications:** Ideal for chains, cranes, and lifting systems
- **Finish:** Anti-corrosion treatment available
- **Standards:** Meets industrial safety standards
- **Installation:** Quick and easy, no special tools required
- **Durability:** Designed for extended use in demanding environments
- **Compatibility:** Compatible with other standard chain components

Specifications

Width	2
EAN	8445187421538
Manufacturer	COFAN
Weight (kg)	0,12
