

Product sheet

Yellow automatic coupling head 22/150, thread 16x1.5 and 22x1.5.

Brand: COFAN

Reference: COF 229311212

The Automatic Air Hose Coupling Head is an efficient and practical tool. Designed with 16x1.5 and 22x1.5 threads, it adapts to a variety of applications. Its yellow and red color makes it easy to identify in work environments. Ideal for quick and secure connections, this coupling head ensures optimal performance when handling compressed air. Its robust design guarantees durability and functionality for everyday use.

Description

YELLOW AUTOMATIC COUPLING HEAD 22/150

The Automatic Air Hose Coupling Head is an essential component for compressed air systems, designed to facilitate the efficient and safe connection and disconnection of hoses. Its robust construction and functional design ensure optimal performance in various industrial and workshop applications. With 16x1.5 and 22x1.5 threads, this coupling head fits a wide range of hoses, ensuring versatility and compatibility.

- **Material:** Made of high-strength materials for long durability.
- **Color:** Yellow and red, making it easy to identify in work environments.
- **Connection Type:** Automatic, allows for quick and effortless coupling.
- **Thread:** Compatible with 16x1.5 and 22x1.5 threads.
- **Maximum Pressure:** Designed to withstand high working pressures.
- **Operating Temperature:** Suitable for a wide temperature range.
- **Applications:** Ideal for workshops, factories, and home use.
- **Maintenance:** Requires low maintenance for continuous operation.
- **Dimensions:** Compact, facilitating storage and handling.
- **Certifications:** Meets industrial quality and safety standards.

Specifications

Width	7
-------	---

EAN	8445187094275
Manufacturer	COFAN
Weight (kg)	0,284
