Description

The luminescent emergency exit sign, measuring 297x210mm, is an essential safety element in any space. Designed to be visible in low-light conditions, this sign ensures that evacuation routes are easily identifiable in critical situations. Its adaptable design allows it to blend into different environments without compromising the clarity of the message, ensuring that the sign's meaning remains intact.

The sign's structure is made of high-quality materials that ensure its durability and resistance. The luminescence provides optimal visibility, even in the dark, which is crucial in emergencies.

Installation is simple and can be done on various surfaces, making it a versatile option for offices, commercial buildings, and public spaces.

- **Dimensions:** 297x210mm
- **Material:** Durable and lightweight plastic
- **Luminescence:** High visibility in the dark
- **Design:** Variable, adapting to different environments
