

Product sheet

Prohibition sign polystyrene 297x210 mm, variable design but fixed meaning.

Brand: COFAN

Reference: COF P26PL297210

 cofan

The polystyrene prohibition sign measures 297 x 210 mm and is designed to indicate that eating and drinking are prohibited in certain areas. While the design may vary, the meaning of the sign remains constant, ensuring clear and effective communication of the rule. Made of durable material, this sign is ideal for use in spaces where compliance with these regulations is required.

Description

The 297x210 mm polystyrene prohibition sign is an essential element for regulating behavior in spaces where a clean and safe environment is required. Its variable design allows it to adapt to different contexts and styles; however, the message it conveys is clear and consistent: eating and drinking are prohibited. This sign is ideal for use in offices, hospitals, schools, and other public places where preventing contamination and maintaining hygiene are important.

- **Material:** High-quality, strong, and durable polystyrene.
- **Dimensions:** 297 mm wide x 210 mm high.
- **Design:** Variable, adapting to different environments without altering the message.
- **Meaning:** No eating or drinking, ensuring clear communication.
- **Installation:** Easy to attach to various surfaces, with adhesive or screw options.
- **Visibility:** High visibility thanks to its clear and concise graphic design.
- **Use:** Ideal for offices, hospitals, schools, and public spaces.
- **Durability:** Resistant to moisture and environmental conditions. Various.
- **Standards:** Complies with safety signage regulations.
- **Maintenance:** Easy to clean and maintain in optimal condition.

Specifications

Width	21
EAN	8445187136722
Manufacturer	COFAN
Weight (kg)	0,1
