

Product sheet

Prohibition sign polystyrene 210x148mm, variable design but fixed meaning.

Brand: COFAN

Reference: COF P39PL210148

The polystyrene prohibition sign measures 210 x 148 mm and is designed to indicate the maximum permitted speed. While the design may vary, its meaning remains constant, ensuring clear communication of traffic regulations. Made from durable material, this sign is suitable for use in a variety of conditions. Its size and shape make it easily visible, contributing to road safety and compliance with speed limits.

Description

The maximum speed limit sign, made of polystyrene, is an essential element for traffic regulation and road safety. Measuring 210 x 148 mm, this sign comes in a variable design that adapts to different contexts, while always maintaining its clear and universal meaning. Its polystyrene construction guarantees high resistance to weather conditions, ensuring its durability and visibility at all times.

- **Material:** High-quality polystyrene
- **Dimensions:** 210 mm x 148 mm
- **Design:** Variable, but with a fixed meaning
- **Use:** Maximum speed limit prohibition sign
- **Resistance:** High weather resistance
- **Visibility:** High visibility in various lighting conditions
- **Installation:** Easy to install on different surfaces
- **Standards:** Complies with road sign regulations
- **Applications:** Ideal for roads, school zones, and residential areas
- **Maintenance:** Requires minimal maintenance

This sign is a fundamental tool for traffic management, contributing to the safety of drivers and pedestrians by effectively communicating speed limits in different environments.

Specifications

Width	14
EAN	8445187138597
Manufacturer	COFAN

Weight (kg)	0,05
