Description

Pixy 156W 7800Lm CCT Dimmable LED Ceiling Light This rectangular ceiling light combines a modern design with advanced technology to provide versatile lighting in large spaces. Its ability to adjust intensity and color temperature allows you to personalize the ambiance according to your needs, making it easy to create different atmospheres at home or in commercial settings.

- Power: 156W, providing efficient and high-quality lighting.
- Luminous flux: 7800 lumens, ensuring bright and uniform illumination.
- Color temperatures: Three options available (warm, neutral, and cool) to suit various activities and preferences.
- Remote control included, allowing you to adjust the light intensity and select the color temperature conveniently and easily.
- Night light function, designed to offer soft and cozy lighting at night.
- Power-on memory, which remembers the last used settings, making it easy to use every day.
- Rectangular design, ideal for installation in living rooms, dining rooms, or large spaces where efficient and aesthetically pleasing lighting is required.
