

Product sheet

**G IP30 enclosure, 27 modules,
1380 mm high, low voltage
electrical distribution**

Brand: SCHNEIDER

Reference: IMPO LVS08119

The Cofret G IP30 is a cabinet extension designed for low-voltage electrical distribution. Measuring 600 mm wide and 1380 mm high, its treated steel sheet structure offers robust protection and a matte white finish. It complies with international safety standards.

The Cofret G IP30, extension 27 Mod, 1,380 mm, is a robust and efficient solution for low voltage electrical distribution. Designed to comply with IEC 61439-1 and IEC 61439-2 standards, this enclosure offers a functional and versatile structure, ideal for various applications in industrial and commercial environments.

- Range: PrismaSeT
- Product Type: Enclosure Extension
- Function: Low-voltage electrical distribution
- Enclosure Type: Metal, functional, delivered as a kit
- Dimensions: Width 600 mm, Height 1380 mm, Depth 205 mm
- Number of Vertical Modules: 27
- Number of 18 mm Modules per Row: 24
- Rated Current: 630 A at 40 °C
- Short-Circuit Current: 50 kA
- Protection Rating: IP30 with faceplate, IP40 with door
- Material: Treated steel sheet with textured and matte finish in white (RAL 9003)
- Mechanical resistance: Seismic tests - 2.5G according to IEC 60068-2-58
