

Product sheet

**POWERLOGIC 150/5A 1VA class 1 current transformer, compact and tropicalized**

Brand: SCHNEIDER

Reference: IMPO METSECT5HA015

Split-core current transformer, designed for diverse applications with a compact size that accommodates different conductors. Its tropicalized rating allows for use in extreme environmental conditions, and its accuracy exceeds the nominal rating, facilitating simplified installation in retrofit projects.

[View product online](#)**Description**

The 150/5A 1VA Class 1 open-core current transformer is a device designed for diverse applications in industrial environments. Its split-core construction allows for quick and easy installation, making it a versatile option for electrical system modernization. This transformer is rated for operation in extreme environmental conditions, guaranteeing reliable performance across a wide temperature range.

- Product Type: Current Transformer
- Secondary Current: 5 A
- Accuracy Class: Class 1 in 1 VA
- Rated Current: 150 A
- Turns Ratio: 150/5
- Conventional Thermal Current: 180 A
- Permissible Current: 9000 A for 1 s
- Rated Operating Voltage:

Specifications

Rated current (A)	5
EAN	3606489608149
