TeSys 3-pole 65mm high reversing bar kit, compact modular design

Brand: SCHNEIDER

Reference: IMPO LA9G3761

The TeSys G265-500 3-pole reversing busbar kit offers a modular and compact design that simplifies maintenance and optimizes installation space. Its streamlined selection reduces inventory requirements, improving operational efficiency in industrial environments. Ideal for applications demanding reliability and performance.

Description

The 3-pole reversing bar kit for TeSys G265-500 is an efficient and compact solution designed to optimize installation space and facilitate maintenance. Its modular design allows for easy selection and reduces the number of required part numbers, contributing to lower inventory and faster turnaround times.

- **Range:** TeSys
- **Device Abbreviated Name:** LA9G
- **Product Type:** Connection Set
- **Electrical Circuit Type:** Inverter
- **Number of Poles:** 3P
- **Compatibility:** LC1G265...800, LC1G300...620
- **Height:** 65 mm
- **Width:** 74 mm
- **Depth:** 298 mm
- **Weight:** 2.0 kg
- **Standards:** EN/IEC 60947-4-1, UL 60947-4-1, CSA C22.2 No 60947-4-1
- **Certifications:** ABS, BV, CB, CCC, CUL, CE, among others
- **Operating altitude:** 3000 m without declassification, 5000 m with
