

## Product sheet

## COMPACT 4-pole IP40 terminal covers for parallel connection for NSX100..250 DC

Brand: SCHNEIDER

Reference: IMPO LV438327

Four-pole terminal block for parallel connection, designed for the NSX100 to NSX250 CC range. This isolation component ensures efficient and safe installation, compatible with various configurations of the ComPacT Compact NSX series. Its robust design meets IP40 protection standards, guaranteeing durability and reliability.

### Description

The 4-pole terminal cover for parallel connection is specifically designed for use with the ComPacT Compact NSX range, including models such as NSX100, NSX160 and NSX250. This isolation component provides an efficient and safe solution for managing electrical power in industrial and commercial installations.

- Product Type: Terminal Cover
- Compatibility: ComPacT Compact NSX Micrologic 7 (phase imbalance, NSX160 DC, NSX250 DC), Compact INS250, and other models in the Compact series
- Number of Poles: 4P
- Isolation Accessory: Yes
- Output Coupling: Parallel
- Connection Location: Up and Down
- Protection Rating: IP40 according to IEC 60529
- Warranty: 18 months

### Specifications

|              |               |
|--------------|---------------|
| EAN          | 3606480073229 |
| No. of poles | 4P            |
| Protection   | IP40          |
