Description

DIN-985 locking hex nuts are essential for ensuring a secure fit in various applications. This pack of 10 units is made from zinc-coated steel, providing corrosion resistance and long-lasting performance.

Recommended for use in machinery, metal structures, and DIY projects, these nuts are compatible with fine pitch screws. Their locking design prevents loosening, ensuring the stability of your assemblies.

Take advantage of this opportunity to purchase this pack and enhance the safety of your projects!
