Description

The pack of 250 DIN-6798 elastic washers is the perfect solution for ensuring a tight fit in your projects. These washers, featuring a fan-shaped outer serration design, provide excellent holding capacity and are ideal for applications in machinery and structures.

We recommend their use in assemblies requiring uniform load distribution. The washers are compatible with screws ranging from M-3 to M-20, making them a versatile element in your toolkit.

Take the opportunity to enhance the safety and effectiveness of your projects with this pack of washers!
