Description

DIN-6798 elastic washers are the perfect solution for ensuring a firm and durable fit in your electrical projects. This pack of 100 units includes washers in C-8 and M-12 N format, designed to provide optimal performance in industrial and commercial applications.

With a diameter of 7 cm and a depth of 9 cm, these washers are compatible with a wide range of screws and nuts. Their external serrated fan design provides better grip and prevents loosening due to vibrations.

Take the opportunity to enhance your electrical installations with this high-quality washer pack!
