Description

The pack of 50 DIN-975 C-8.8 M-8 threaded rods is the perfect solution for your construction and repair projects. With a length of 1 meter, these rods are ideal for applications requiring strength and durability.

Manufactured from high-quality steel, they offer excellent tensile strength and are compatible with a wide range of nuts and accessories. Their black phosphated finish not only provides an attractive aesthetic but also enhances corrosion resistance.

Recommended for use in metal structures, furniture, and DIY projects. Take advantage of this offer and ensure the quality of your work!
