Description

The Pack of 100 DIN 608 screws is the perfect solution for mounting plow shares. Made from quality 8.8 steel, these screws provide exceptional wear resistance, ensuring durability and reliability in use. Their design with a countersunk head and square neck allows for easy and efficient installation.

Recommended for agricultural applications, these screws are compatible with various plow shares and are ideal for tasks requiring high strength. Thanks to their heat treatment and lubrication, oxidation is prevented, ensuring optimal performance over time.

Don't compromise on the quality of your projects; choose our DIN 608 screws and experience the difference.

Specifications

Colour	Stainless steel
EAN	8445187376029
