Description

The Pack of 200 DIN-913 C-45H threaded bolts is the perfect solution for your mechanical projects. Made from high-quality steel, these bolts offer exceptional strength and a black phosphated finish that ensures durability.

Recommended for use in assemblies and fastenings, they are compatible with a wide range of sizes, from M-3 to M-16. Their design with an internal hexagon and conical tip makes installation easy and ensures a precise fit.

Don't compromise on the quality of your projects; choose our DIN-913 bolts and ensure optimal performance in every application.
