Description

The pack of 25 conical head plow screws is the perfect solution for agricultural applications that require high strength and durability. Made of steel with a black oxide finish, these screws are designed to withstand high temperatures and demanding conditions.

We recommend their use in agricultural machinery and structures where reliability is crucial. Each screw comes with a DIN 934 hex nut of quality 10, ensuring a secure and long-lasting fit.

Compatible with metric 12 and 14, this pack is an economical and efficient choice for any industry professional.
