### Description

The Pack of 500 DIN-7982 Countersunk Screws is the perfect solution for your fastening needs. With a countersunk head and mortise design, these screws are ideal for wood and metal applications, providing quick and secure installation.

With a diameter ranging from 2.9 to 6.3mm, they are compatible with a wide range of projects. Their zinc coating ensures high corrosion resistance, extending the product's lifespan.

Whether for home or professional use, this pack is an economical and efficient choice. Don't wait any longer and optimize your construction and repair projects.
