Description

The pack of 500 conical steel points 2.0x30mm is the perfect solution for your construction and DIY projects. Its conical design allows for efficient penetration into various materials, ensuring a solid and durable hold.

These points are ideal for use in wood, plastic, and other soft materials. Made from galvanized steel, they offer corrosion resistance and a long lifespan.

Compatible with standard drilling tools, they are easy to use and perfect for both professionals and DIY enthusiasts. Don't run out of them in your toolbox.
